HOLIDAY HOMEWORK

Dear Parent,

With summer holidays approaching, it's essential to strike a balance between academic rigor and creative exploration. Therefore, we have designed enriching homework to keep students constructively engaged. This year's Summer Enrichment work focuses on discovering various Art Forms of India to enhance students' knowledge and appreciation of our rich cultural heritage. Each class has been assigned a unique Indian art form with creative tasks related to it.

Our country boasts a diverse and vibrant artistic heritage, with various art forms reflecting its rich culture. Madhubani Painting, Tanjore Painting and Warli art are just a few examples, and there are many more fascinating art forms across India, each with its unique history and cultural significance. MERAKI, the exhibition, scheduled in the month of July, will feature our students' work and will undoubtedly be a celebration of creativity and cultural expression.

The school will reopen on Monday, 1st July 2024. We encourage all students to complete and submit their Summer Holiday Homework, shared via ERP, within the first week of July.

Wishing you a wonderful vacation and happy family bonding time.

Warm regards

Ms. Nidhi Tewari
Principal
